Subject: YLL Sites

Morning Paul,

I'm conscious you've submitted a number of e-mails in the past week in relation to various sites. By way of an update, we're extremely busy finalising the Publication Version of the Plan based on the draft that you've seen. In doing this we've had regard to the information you've recently submitted on behalf of YLL. Due to my workload and the need to be consistent in how I communicate with landowners and developers over the coming weeks I can't commit to either a meeting or a protracted exchange of correspondence regarding proposed allocations or rejected sites. However, I can confirm that our position remain unchanged in respect of Hunningley Lane, Oxspring Fields and the site to the south of Sheffield Rd, Oxspring.

In terms of Wellhouse Lane, we're aware of the recent SOS decision and will be interested to see if this is challenged. Timescale for submission of an application would be a matter for your clients but, at this stage, it is premature to say when we would be prepared to refer any such application to our Planning & Regulatory Board.

I trust this clarifies our position.

Regards
